Volume 12, Issue 2

Summer has been an incredibly busy time for the staff and volunteers at SoHumane. We've already found loving homes for over 700 dogs, puppies, cats, and kittens. However, we are currently overwhelmed with an influx of stray pets, as well as an exceptionally high number of puppies and kittens.

In June alone, we had 126 kittens in foster care.

Our expenses for providing special veterinary care to our dogs and cats continue to grow. Many of the pets that come to SoHumane are in desperate need of medical and dental care. They are often in so much pain with dental disease that it is difficult for them to eat. We are deeply grateful for the kindness and compassion of you, our generous donors, whose support ensures that treatable illnesses and veterinary conditions do not stand in the way of an animal's adoption.

Unfortunately, the needs of our community continue to grow as well. Many people and their pets are in desperate need of assistance. Since its inception in 2020, our pet food pantry has provided over 6,000 pounds of pet food to individuals facing hardship in our community. In addition, we've distributed essential supplies like dog and cat crates and coats. Our goal in establishing the pet food pantry was to help community members keep their beloved pets by easing the financial burden of providing nutritious food, thereby reducing the need for surrendering to a shelter.

At SoHumane, we believe that every pet deserves a loving family, and we consider it an honor to help the pets that need us the most. Together, we are creating a better future for dogs and cats in need of homes, but we face many challenges. We must meet these challenges with empathy and determination. On behalf of everyone at SoHumane, and especially the dogs and cats touched by your kindness, thank you for making this meaningful work possible.

Karen Evans, Executive Director

## Subaru Shares Their Love

For fourteen years Southern Oregon Subaru has been sponsoring the rescue of dogs and cats facing life-threatening limitations of time, space, breed or veterinary needs and helping to transport them to SoHumane.

Thanks to Southern Oregon Subaru and their annual Share the Love adoption event there will be many more happily-ever-after's for dogs who were once without homes and families.

## Loved and Home

Dewey (Cheese) loves going on walks, LOVES when we have friends over, and we have fallen in love with this little guy. – Rosamond

Nyx is home. – Jagger

Catapult has settled into his new home well. He is always playing hunter when not eating or sleeping. Super happy cat, I call him Luke now. – Trevor

Juniper is loving her new home. – Katrina

Mr. Hank has been such a bright light in our lives ever since he got home. Thanks. – Milo

# Your legacy gift for the dogs and cats

**P**lanned giving is a wonderful way to support the pets who are homeless at the Southern Oregon Humane Society. A planned gift to SoHumane is a meaningful way to carry forward your compassion and concern for the animals.

I would be glad to discuss any planned giving option with you in confidence and without obligation. A legacy gift will provide stable, long-term funding that will continue your commitment to helping dogs and cats into the future.

Please feel free to contact me. Making a planned gift can change lives and be one of life's most gratifying experiences.

– Karen Evans, Executive Director

It is with great sadness that we announce the passing of our dear friend Jed Meese. Jed and his lovely wife Celia became part of the SoHumane family in 2004, and they have generously supported our mission ever since. Over the years, we shared many heartfelt conversations about the importance of the lifesaving work we do. Jed was always there with solid advice and encouraging words. Our organization has been forever changed by their kindness and generosity. There are few words to express the deep sorrow of losing him, and he will truly never be forgotten.

# Special Veterinary Care at SoHumane

Jennifer Wicklund, Doctor of Veterinary Medicine

For staff and volunteers at SoHumane, the days can be filled with emotion - some are rough, while others are full of joy. The good days definitely outweigh the tougher ones. We have the privilege of working for an organization that has the capacity to help dogs and cats with special veterinary needs. Many of these animals have not received needed care.

Jennifer Wicklund, DVM

SoHumane has accepted animals surrendered to local veterinary clinics because their owners could not afford expensive treatment options. Injured dogs or cats brought in by good Samaritans to local veterinarians have also made their way to us, often with painful or disfiguring conditions. In addition, SoHumane has accepted animals from other animal welfare organizations that did not have the resources to address their specific medical problems.

For example, SoHumane has treated fractured limbs, blind or painful eyes, torn cruciate ligaments, severe dental disease, cancerous tumors, congenital heart defects, neurological conditions, heartworm disease, limb deformities, and late-stage pregnancies. The list of treatable conditions is extensive.

SoHumane strongly believes in giving dogs and cats in our care all the time they need to

ultimately be adopted. This, coupled with our generous and vibrant volunteer foster base, is a big reason we can take on animals with more advanced health issues. Many times, these dogs or cats will go into foster care for weeks to months. They need time to heal, and a foster home is a more stable place to recover than a shelter environment.

It would be remiss to not mention the veterinary partners that help SoHumane assess and address these often complicated medical issues. SoHumane is fortunate to have wonderful relationships with general practice veterinarians and specialty referral practices. They perform treatments and procedures outside the scope of our veterinary care. And perhaps most importantly, generous donations from SoHumane supporters make this specialized veterinary assistance possible.

What happens after a dog or cat heals? They are free of a major barrier to adoption - free of a painful, debilitating or potentially fatal condition. They have a new lease on life! And those of us working at SoHumane can notch another joyful day on our calendars.

## Your gifts save lives every day.

Bunny arrived on the Saving Train from an overcrowded shelter in Northern California. She was days away from being euthanized. That evening she gave birth to a litter of puppies in a manager's office at SoHumane. Staff stayed late in the evening to help birth her eight puppies! Bunny and her newborn pups were placed in a foster home where the puppies grew and everyone received nutritious food and needed veterinary care. Thanks to staff, volunteers and kind-hearted supporters, Bunny and her adorable puppies all have new lives in forever homes.

Your gifts for the special needs of displaced pets at SoHumane provide the means to improve their health, quality of life and adoptability. You make it possible to offer exceptional veterinary care for the dogs and cats on their journey to loving families.

# Volunteer!

**S**oHumane finds homes for more than 1,200 dogs and cats each year. Volunteers help make providing exceptional care possible for these pets.

Dog walkers and the cat crew supply enrichment opportunities and exercise animals every day.

Student volunteers participate in Pet Partners, the PALS Program and the Reading Program.

Adoption and event volunteers are the support team for monthly and annual activities.

Foster volunteers provide a temporary home for dogs and cats that need veterinary treatment, a shelter break or time to grow before adoption.

Volunteers help with maintaining the campus grounds and work on special projects.

## Foster!

**K**itten fostering makes up the bulk of SoHumane's fostering needs. Kitten season brings hundreds of kittens. Many of these kittens are under eight weeks of age and require placement in foster homes. Foster families that nurture kittens allow SoHumane to save hundreds of kittens every year!

Foster volunteers provide a temporary home environment for kittens, puppies, dogs and cats that need a shelter break, time to grow before adoption, are receiving specialized veterinary care, or who are healing after surgeries.

Learn more about being a foster volunteer at [sohumane.org/foster](https://sohumane.org/foster). For details on how you can save lives go to [sohumane.org/volunteer](https://sohumane.org/volunteer). Visit the SoHumane Adoption Center in Medford, Oregon and speak with staff about how you can help the dogs and cats.

# Together We Give

There are many different ways you can partner with SoHumane. Enjoy the satisfaction of helping dogs and cats who are homeless. Discover how easy it is to join in our lifesaving work.

**Monthly Donations** - Regular donations provide a convenient way for you to support SoHumane programs and services throughout the year.

**Event Opportunities** - Learn how you or your company can organize a special event that generates \$1,000 or more for the cats and dogs.

**Matching Gifts** - Does your workplace offer giving opportunities? Matching gifts are an easy way to double your charitable contribution.

**Donation Box Host** - A donation box prominently located where you work shows your support for the dogs and cats at SoHumane.

**Donate a Vehicle** - Running cars and trucks are gladly accepted for our Critter Cars donation program. Your donated vehicle will directly help the dogs and cats waiting for new homes.

**Business Alliance Sponsor** - Learn how you or your business can sponsor a large rescue run or host an adoption day event. Contact Ryan Johnson, Donor Relations, for more information.

**Toast for Tails Sponsor** - Be part of SoHumane's signature fundraising event. You will help provide the adoption services and critical care that are so important to the homeless dogs and cats in our community. Your support could power our lifesaving work. Toast for Tails 2025 is May 17th!

## Mission Statement

To improve the lives of pets and people through sustainable programs of education, adoptions and spay/neutering.

## Saving Lives Since 1928

Finding a forever home means meeting that one person who accepts and loves you as you are.

“Joy is letting my daughter and I pet her, and she is finding her way around the cat room while avoiding my other three cats. She likes playing in a cardboard box and went crazy over catnip sprinkled on a scratching box. I’m glad I could give her a home where she will be loved.”
