Dog Owner Relinquishment Questionnaire

We understand that surrendering your beloved pet can be a difficult decision, and we appreciate your willingness to trust SoHumane with their care. To ensure that we are able to provide the best possible care for all animals in our shelter, we have implemented an application process for pet surrenders. To start the process, please email your application to intake@sohumane.org. All applications will be automatically placed on our waitlist in the order they are received. Please note that due to a high volume of requests for pets to be surrendered to SoHumane, we are unable to take calls to notify you that you have been added to the waitlist. However, we assure you that we will contact you as soon as a spot becomes available for your pet. Our Intake staff will then discuss the appointment process with you at that time. Thank you for your understanding and for considering SoHumane as a safe haven for your pet.
